

FIFTH YEAR.

MAYSVILLE, KY., MONDAY, JUNE 15, 1896.

ONE CENT.

We are not given to blowing our own horn, but the extra features in Saturday's issue were worthy of the reader's attention. It has been the aim to give something pleasing to everybody. Aside from the regular Local Department—and THE LEDGER covered the entire field, having the correct report of the grade of all the young ladies of the High School at the final examination, (another paper gave one class only;) a full report of the Daughters of Rebekah entertainment and the hop of the Maysville Assembly, (another paper had not a single line in regard to either;) a report of the Baseball game, of the Colored High School and the Bicycle Carnival, together with its complete Church Directory, —this paper contained the Tallmage Sermon and the International Sunday-school Lesson, nearly a page of reading for the farmer, a number of short stories—in fact, several columns more choice reading matter for a cent than was ever offered before by a Maysville publication.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

MARRIED AT CIRCLEVILLE.

Walker Baughman and Miss Ida Proctor of This City.

THE LEDGER announced some weeks ago that Mr. Walker Baughman, formerly Manager of the Washington Opera-house, and Miss Ida Proctor of this city would soon marry.

The event took place Wednesday evening, June 10th, at 8:30, at the home of the groom's father, Mr. Jacob Baughman, at Circleville, O., and in the presence of some fifty guests.

The bride looked charming, being dressed in white satin, the groom wearing the usual black.

The presents were numerous and beautiful.

The ceremony was performed by the Rev. Mr. Gardner.

Mr. and Mrs. Baughman will make their home in Winchester, where Mr. B. is now Manager of the Opera-house.

OUR GAME SATURDAY.

A One-Sided Affair Witnessed By a Small Crowd.

Baseball seems to be on the wane in Maysville.

And there is no apparent reason for such a thing at present.

It isn't because we haven't as good a team this year as we had last, for this year the boys have proved that they can play better ball.

But whatever the cause it should be made known so as something could be done to remedy it.

Friday Sammy Lever was advertised to pitch, and immediately the whole town was going out to see him, and that evening after the receipts were collected together it was found that just \$23 50 had been taken in at the gate.

That immense crowd was disappointed at not seeing Lever pitch and came away determined to do an enterprise, calculated to bring people to this city, all the harm possible by staying away from the games.

This large crowd wouldn't stop to think a moment.

They were loud in denouncing the Managers.

They swore they would do all in their power to kill such a club.

The reason Lever didn't pitch Friday was because he couldn't, and we think that is a good reason.

He pitched two games at Knoxville in the rain, which so stiffened his arm as to render it almost impossible for him to throw a ball; but even this did not cause him to waver, as he went out with the intention of trying, and "warmed up" for the game, but it was impossible for him to pitch that day, hence the disappointment.

Saturday another large crowd—probably 75 people—went out to see Lever and Newton pitch, when two such players deserved all the people the grand stand would hold.

They pitched magnificent ball, and but for errors in the field would have easily shut out the Alerts.

The visitors were completely at the mercy of those two giants of ball-tossers, and could no more hit their delivery than they could have hit bullets shot out of one of those pneumatic guns on one of the warships.

The score at the end of the eighth inning stood—
Maysvilles 14
Alerts 2

And they quit trying in order to catch the train for home.

Now, good people, is this the way you are going to treat an institution that is gotten up for the benefit of the whole people?

Are you going to kill it because of a misunderstanding?

We believe we will be safe in saying no, and when the next game is called the grand stand will be full of people.

The following is the score:

CONTEST SETTLED.

A Maysville Bank May Get Something From the Wreck.

The suit of the State National Bank of Maysville vs. R. H. Ellison and others of Manchester, which has been on the docket of the United States District Court at Cincinnati for some years past, has at last been decided, Judge Sage handing down his decision one day last week.

As the suit has some local interest we give below a synopsis of the decision.

The decision was that the sale of land to Mr. David Sinton was made in good faith, and that "Mr. Sinton obtained a good title and should be dismissed from the case, with an injunction against any future claim by the plaintiff of any other party to the suit as against him, and that as the assignment in the Adams County Probate Court had been lifted, and as the mortgage subsequently made was a deed of trust, the State National Bank was entitled to have this trust administered in the United States Court under this bill. However, as the property carried by the trust was individual property, it must be applied first to the payment of individual creditors, and the plaintiff and the other partnership creditors could share in the trust only after the individual creditors had been paid in full. Therefore the decree, when entered, will provide for the quieting of Mr. Sinton's title as above, and for a reference to a Master to ascertain the present status of the trust property, and the amounts due to individual creditors and partnership creditors respectively, and for execution of the trust thereafter pursuant to the orders of the Court."

In a nutshell the property stands just as it did when the deed of trust was made. All personal property and land not sold to Mr. Sinton will now likely be disposed of and payment made on individual claims so far as it will go.

Any surplus will be paid to the State National Bank on their claim, which amounts to about \$2,500.

Ladies' Jersey ribbed Vests at 10, 12 1/2 and 15 cents. Men's Balbriggan Shirts and Drawers 25 and 30 cents. Ladies', Children's and Men's Fast Black Cotton Hosiery at 10 cents per pair at Browning's.

If it required an annual outlay of \$100 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by J. J. Wood Druggist.
